# FAQ

THE BARKING DOG, LTD.

## Boarding

### What should I bring?

We recommend bringing their food from home to maintain their regular diet. In case food is not provided, we will serve your pet NutriSource Lamb & Rice kibble. Please also bring any medications your pet requires, and we will follow your instructions, though we cannot administer injectables. You may bring 1-2 toys for your pet to keep in their condo, but please avoid toys that could be a choking hazard. We provide raised cots for your pet's comfort, and we ask that you bring a blanket or towel that is cozy and smells like home. However, we kindly request that you do not bring beds from home. All belongings will be washed before they are packed up on departure day to ensure they are clean and fresh for your pet's return.

### How many times does my pet go outside?

All dogs go on a minimum of 4 potty breaks per day. More breaks are provided with daycare/individual playtimes.

### What happens if I don't pick my pet up before you close?

If you can't pick up your pet before we close, no worries! Your dog will be comfortably boarded with us overnight, and you'll be able to pick them up the next day during our regular business hours. We'll also feed them our house kibble, as long as they are authorized for it and don't have any relevant allergies listed on their profile. Standard boarding charges will apply.

### Do you offer a discount for extended stays?

For boarding stays exceeding 30 days, please call for discounted rates.
